

Feedback

Action Taken Report

In order to improve the quality of teaching, the college collects feedback report from the teachers, parents, employer and stakeholders. The collected feedback is analysed in the meeting and is submitted to the university through the board of study members of our teachers to take necessary action. Analysis of the feedback is also communicated to teachers so that they can improve their teaching. Teachers feedback on curriculum helped board of study in making modifications in the existing syllabus and designing it to the demands of students.

The college constitutes the feedback committee and analyzes it every year. The outcomes and suggestions are conveyed to the university through our faculty representatives during university organized meetings. As a result, the board of study revises and updates the syllabus periodically (once of five year).
